Home Sleep Apnea Testing Quality Control Submission Requirements

Data submission requirements for annual quality control (QC) review

Submission due date is based on the anniversary date of the on-site assessment. DAP will notify accredited home sleep apnea testing (HSAT) organizations of their specific due date each year.

Below is a checklist to assist in the preparation of data to be submitted to ptqc@cpsbc.ca.

Organizational information (form available on the College website)
For in-house scoring services:
List of individuals scoring HSAT studies for the organization
Name
Location
Qualifications (RPSGT or CPSGT), include certification number and expiry date. For CPSGT individuals include the name and location of supervising RPSGT
Date of last successful completion of an interscorer reliability (ISR) program
For outsourced scoring services:
Name of the service
Location/address
Has the service provided evidence of an active QA program? If not, explain.
List of facilities within the HSAT organization
DAP facility ID
Facility name
Address
